

PATENT RENEWALS SERVICE

UNRIVALED EXPERTISE IN PATENT RENEWALS

As the global patent renewals landscape continually grows more complex, protecting your clients' most valuable assets not only introduces greater administrative burden but also can expose your firm to additional risks.

CPA Global has more than forty-five years of experience of working with IP practices to manage their clients' patent renewals completing more than 1.6 million patent renewals each year, amounting to over one billion dollars in payments. Our Patent Renewals service will help you:

Mitigate Risks by letting CPA Global take on the full liability and associated risks of patent renewals across all worldwide jurisdictions

- The world's largest renewals procedures team of IP Renewal experts monitoring over 2500 renewal laws across all jurisdictions
- Comprehensive data verification across all cases in 48 jurisdictions to cover 94% of all global patents, including all high risk jurisdictions.
- On average our data verification process corrects 133 critical errors per month that could have resulted in the loss of IP rights.
- Our global agent network is

fully audited to ensure they have the necessary capital, infrastructure, systems and processes to protect your clients' rights.

Reduce Administrative

Burden of managing client communications, reminders, payments and queries.

- We take on, store and verify all your client case data including seamless integration for reporting of their newly granted and acquired rights

- We will manage all client interaction for renewal of their patent cases including multiple reminders, confirmations, invoices and reports.
- Official receipts and renewal certificates can be stored automatically for your clients with a full retrieval service when required.
- Close integration with your firm's IP management software systems

Manage Funding and Cash

Flow by letting CPA Global fund and manage renewals payments for you clients.

- We take on the total responsibility and funding burden for official PTO and local agent fee payments
- Secure fully audited and regulatory compliant international multi-currency payments converted to a single currency of each client's choice
- Payment assurance via direct electronic payment interfaces with PTOs and local agents

Increase Client Satisfaction

with a world leading, highly professional patent renewals service that frees you up to focus on higher value client management

- On line portal to keep you and your clients informed on live case status with full case history and audit trails.
- Highly configurable on-line IP portfolio and budget forecast reporting tools
- Monthly or quarterly pay cycles and automatic or instruct payment options to meet your clients' needs.

With many hundreds of global IP attorney firms as customers we have experience of a complete range of service models. Please get in touch to discuss which one is right for you and your clients.

As a leading IP Law Firm, we want our clients to enjoy the best service levels available and CPA certainly achieves that - CPA is top in its class.
